About Me

Experienced Web Developer with over 5 years of expertise in HTML, CSS, JavaScript, jQuery, MySQL, Bootstrap, PHP, Laravel and WordPress. Proficient in developing dynamic websites, designing databases, and e-commerce platforms. Additionally, skilled in version control using Git and capable of developing Android applications.

I have extensive experience in API integration, specializing in connecting various systems and ensuring seamless data flow between them. My expertise includes payment gateway integration, enabling secure and efficient online transactions, and Google Maps integration, providing interactive mapping solutions for enhanced user experiences.

Passionate about coding and dedicated to continuous learning, particularly in the field of emerging technologies. A collaborative team player with a track record of delivering high-quality solutions.
